FLORIDA REGIONAL ADMISSIONS
COUNSELORS

2021-2022 Member Directory

Florida Regional Admissions Counselors (FRAC) is a non-profit service organization created by college admissions representatives. We look to provide information for high school students and high school college counselors within the state of Florida about higher education opportunities around the nation. It is our goal to partner with college counselors and students to help them through the college admissions process and help them navigate through the decision process.

FRAC members are representatives of out-of-state colleges and universities, who live and work in Florida. They are your connection to college opportunities around the United States and the rest of the world.

Important Facts:

Don't wait until your senior year of college to conduct research in high-tech labs, take a starring role onstage or start your own business. At Bucknell, these kinds of high-level experiences begin the moment you arrive. In fact, we expect first-year students, even those who haven't yet selected a major, to immerse themselves in a range of subjects they want to explore. Whatever your interests, you'll find opportunities that other schools reserve for upperclassmen exclusively. Those experiences explain why 92% of our first-year students come back for their second year — far above the U.S. average of 73.5%. **Who We Are:** Bucknell is a small, private liberal arts University with three colleges: the College of Arts & Sciences, College of Engineering and Freeman College of Management, but those three colleges don't exist on islands. They're uniquely intertwined, allowing you to follow your passions and uncover new interests without ever feeling boxed in. **Where We Are:** As college towns go, it's hard to imagine a better one than Lewisburg, Pa. Lewisburg's safe, walkable downtown is just a few blocks from campus and features charming cafés, trendy boutiques and our three-story campus bookstore. **What We're Looking For:** There's no stereotypical Bucknell student. But we can say that successful applicants excel in challenging classes, pursue their passions through extracurricular activities and are engaged in the world around them.

The University of South Alabama, the Gulf Coast Flagship, is large enough for students to enjoy an active student life, athletics and state of the art facilities and small enough to offer smaller class sizes and professors who know their students by name, not student number. Students can apply to South using the application available on our website or through Common App and will be automatically considered for admission scholarships, even if they apply test optional and students who earn an admission scholarship will also receive in-state tuition. USA is a place where students discover and strengthen their career passions, and form connections that result in lifelong relationships. At South, we look at the world and see things that we have the power to change, affect and shape— together. So that's exactly what we do, every single day.

Since its founding in 1848, this campus has been a catalyst for the extraordinary. As a public land-grant university and prolific research institution, our students, staff, and faculty members partake in a world-class education and solve real-world problems. We've changed the way the nation takes its vitamins and brought flamingos to Bascom Hill. We've inspired satirists and senators alike. We've fearlessly sifted and winnowed to find today's truths. And with the Wisconsin Idea as our guiding principle, we're not only changing the 936 acres we call home – Badgers are also creating a better future for Wisconsin, the nation, and the world.

Important Facts:

Valparaiso University – better known as “Valpo” – is located in the city of Valparaiso in Northwest Indiana; just an hour east of Chicago and 15 minutes south of the Indiana Dunes National Park. Just like how the city is a tight-knit community of 32,000 people, Valpo is tight-knit community made up of 2,700 undergraduate students and just over 300 graduate students. Valpo is primarily a liberal arts university and is made up of 5 different colleges: The College of Arts and Sciences, College of Business, College Engineering, College of Nursing and Health Professions, and Christ College (Valpo’s Honors College). Valpo is also a Lutheran university and is home to the second biggest collegiate chapel in the world, the Chapel of the Resurrection. Offering over 70 different academic programs, Valpo’s average class size is 21 students with an 11:1 student-to-faculty ratio. In addition to academics, Valpo offers D1 NCAA athletics, over 100 different clubs and organizations, study abroad, as well as a fraternity and sorority community. Go Valpo!
